

SC11 stair nosing has been extruded with a fine solid ripple trim finish to offer excellent slip resistance. Slip checked to AS 4586:2013. The SC11 is available in clear (silver) or black anodised finish for colour contrast options. It has been specifically designed to comply with the requirements of AS 1428.1-2009 and offers Class: P4 Slip Protection.

Aluminium The SC11 Stair nosing is extruded from 6063/T5 Alloy. This architectural grade alloy offers good surface finish and superior corrosion resistance.

Anodising Aluminium profiles are anodised 15 – 20 microns in accordance with AS 1231:2000. Available in, clear (silver) or black.

Fixing The SC11 stair tread nosing with its ribbed underside is suitable for gluing only, using a quality polyurethane based adhesive. Alternatively, we can supply with countersunk fitting holes suitable for 10g countersunk screws. We recommend to glue and screw.

Standard Length Staircare SC11 profile standard length is 4300mm. SC11 is usually supplied cut to your specified size, ready for installation
