

Staircare SC-R 70 have been designed to offer lasting slip resistance. They are made from a composite material that is suitable for use in harsh environments; including, high exposure to salt water. During the manufacture process silicon carbide is incorporated to form an inseparable gritted surface. SC-R 70 are available in yellow or black with a commercial anti slip grit or in yellow with heavy duty silicon carbide grit for serious slip protection

SC-R 70 stair nosing are available with either 25 or 10mm nose drop to comply with AS 1428.1:2009 Design for Access and Mobility. They have been slip resistance tested to AS 4586:2013 passing with the highest slip resistance rating of Class P5 for Wet Pendulum Test and Class DI for Dry Floor Friction Test

Application

SC-R 70 stair nosing are suitable for installation on hard surface stairs such as concrete, steel, chequer plate, timber etc. they can also be installed on grated stairs using the SC-R Saddle Clip Assembly.
